

Thursday, March 6 2014: Butterflies of Contra Costa County

Birding Information: Why We Bird – David Rice will talk about his enlightening new book, Why We Bird, which describes the many reasons we all enjoy birding.

Main Program: Spring is almost here! [Michael Marchiano](#), an expert on local flora and fauna, will be talking about butterflies and other insects of Contra Costa County. Come celebrate the arrival of spring with this entertaining presentation on the colorful, dynamic creatures you can expect to see fluttering by soon on your next birding excursion.
